Hardened Rotation Track!

Patriot Products, LLC has designed and produced a target turner that is unsurpassed by all others. Designed to install in seconds, these target turners are the most rugged, durable, abuse resistant models you can find. Constructed of heavy gage structural steel, the unit is hot dip galvanized finished and assembled entirely of rust-free materials to enable a designed long-life span. Smooth, quiet, motion to operate, these rugged, professionally designed and quality-built turners are built to last.

As maintenance is expensive and time consuming, the Patriot #KDC84-TT2 is maintenance free. No grease, no oil, no adjustments, no time consuming and expensive labor man hours to maintain.
