

Patriot Products has combined **fully programmable electronic target turners** and an **independent RunningMan carriage** in the design of our **Multi Purpose Engagement Target System**. With a tablet controller powered by our proprietary software, the **SmArtTurn System™** will maximize your training efficiency and flexibility. This rugged solution is proven to withstand the harshest weather and downrange conditions and is **easily sustained for long life**.

## STANDARD FEATURES

- Multiple, variable 360° positions
- Virtually limitless programming options for unique training scenarios
- Designed to exceed IP65 standards
- Made from corrosion-resistant materials and finishes
- Can be trailer-mounted for mobility
- **Additional options:** Ballistic containment including AR500 steel wall and ballistic rubber, RunningMan can be upgraded to support AR500 steel silhouettes, system can be expanded to support additional lanes and actuated plate racks, and extended maintenance plans available

**Patriot Products, LLC** has become a leader in the defense industry by consistently delivering **unparalleled** service, **creative** dialogue, **innovative** product design, and a **collaborative** process.
