

With **Known Distance** qualification as a mainstay of the US Military and allied nations, Patriot Products has **increased efficiency** and **decreased expenses** associated with the standard wooden frames by introducing the **ButtsBoard™ Target Frame** system. This **PolyFrame solution** features a totally weatherproof, UV-resistant, **self-healing material** to provide years of continuous training without round impacts destroying the frame.

## STANDARD FEATURES

- Universal design for both edge-forward and face-forward target legs
- 6'x6' frame accommodates all of the current coroplast targets in use today
- Withstands wind gusts up to 40 mph
- Operates in temperatures -40° through 140° F
- No wood or metal above the berm to prevent ricochet
- Installs and removes quickly
- Interchangeable support legs
- Recyclable for environmentally-friendly disposal

**Patriot Products, LLC** has become a leader in the defense industry by consistently delivering **unparalleled** service, **creative** dialogue, **innovative** product design, and a **collaborative** process.

CUSTOM SOLUTIONS FOR TRAINING EXCELLENCE
