

Every range officer knows the ongoing challenge of providing **EPR protection up to M855A1 and M80A1 for SIT / SAT emplacements** from the regular damage of rounds and weather. The Patriot Products **PAR-RETSC coffin protector** provides a **drop-in solution** that saves costly time and resources associated with replacing wood and concrete while keeping troops training longer. **Vulcanized ballistic rubber** attached to **AR500 steel** lengthens the life of targetry and structures while **integrating seamlessly** into the existing berm.

STANDARD FEATURES

- Rated up to 5.56, 7.62, M855A1, & M80A1
